

Think Bigger, Create Bigger, Draw Bigger

Color Biggers offers huge 36"x 48" coloring posters. We currently offer 6 animal and 2 scenic designs with more being added bi-monthly. The posters are printed on super thick, quality paper which makes coloring with markers, crayons, or colored pencils possible. All posters are shipped in durable poster tubes so they will not arrive with any folds or creases. Each order includes colored pencils.

Color Bigger posters are perfect for children of all ages, creative adults, classrooms, daycares, before and after School Programs, kids camps, senior centers, church groups, waiting areas, snow days, rainy days, quarantined families and home schoolers.
